

Recessed Drinking Fountain With Bottle Filler

Product Code: RDFBF

Recessed drinking Fountain & Bottle Filler

Product Code RDFBF

The combined recessed drinking fountain and bottle fillers are manufactured from 18 gauge grade 304 stainless steel for extra strength and durability. The recessed design saves space in the room.

The press button drinking water tap and bottle filling taps are WRAS approved, easy to use and turns off immediately when released to save water.

Supplied with hidden wall brackets, 32mm waste fitting with flexible waste pipe.

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.
