# Hand Operated Bottle Filler (Non-Chilled)

Product Code: HOBF-18

### Wall Mounted Bottle Filler With Hand Operation

Product Code HOBF-18

Stainless steel and plastic wall mounted bottle filling station with press button operation and through wall service pipework connections. This bottle filler manufactured from grade 304 stainless steel and impact resistant ABS plastic with antimicrobial coating.

The hinged fold down fascia aids installation and future maintenance.

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

**This unit does not have a built-in chilling system and will dispense water at the incoming mains water temperature, remote chillers are available.**

### Dimensions and Specifications:
