No Touch Foot Operated Bottle Filler (Non-Chilled)

Product Code: FOBF-18F

Foot Operated Bottle Filler

Product Code FOBF-18

Stainless steel and plastic wall mounted bottle filling station with foot operation and through wall service pipework connections. This bottle filler has a small projection from the face wall and is ideal solution to provide water to refill drinking water bottles with a hands free option.

The hinged fold down fascia aids installation and future maintenance.

Dimensions and Specifications

749mm high
464mm wide
Body 124mm front to back
Bottle filler tray 187mm front to back

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

Foot plate and shroud

500mm to 900mm telescopic shroud
300mm wide foot plate
135mm projection on footplate

Manufactured from grade 304 stainless steel and impact resistant ABS plastic with antimicrobial coating.

Supplied with

Waste fitting with 38mm plastic P trap

Stainless steel foot button housing and telescopic shroud to conceal pipework

Delivery

In stock usually 1 to 2 working days
