Swan Neck Cup And Filler

Product Code: RUB-BOTTLEFILLER

Swan Neck Bottle Filler Tap

Product Code RUB-BOTTLEFILLER

WRAS Approved for compliance with water by-laws chrome plated brass swan neck bottle and cup filler tap, with push button valve which switches off after use to preserve water. Ideal as a replacement for existing cup filler taps, or to convert a tradition drinking water fountain into a bottle and cup filling station.

To ensure the proper functioning and longevity of this unit, a Y-strainer must be installed as part of the water supply system. The Y-strainer is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer will result in the warranty being void.

Dimensions:

262mm overall height.
217mm spout height.
22mm Tap hole required.

Supplied with:

Chrome plated brass swan neck bottle filler tap.
1/2" brass back nut and rubber washer.

Delivery:

From stock 1 to 2 working days.
