

## Mini Bottle Filler Wall Mounted (Non-Chilled)

Product Code: MBF

### Mini Bottle Filler

Product Code MBF

Encourage healthy hydration in your workplace, school or college with our mini compact wall-mounted mini bottle filler. Designed with workplace environments in mind, this space-saving unit features a robust swan neck tap for quick and easy bottle refills. Built to handle the demands of daily use in factories, offices, corridors, classrooms, and communal areas, it's durable, low-maintenance, and easy to install. With its compact footprint, the mini bottle filler is the ideal solution where space is limited — keeping everyone refreshed throughout the day whilst reducing single use plastic bottles.

### Dimensions & Specifications:

Width: 365mm.  
Depth: 180mm from the wall.  
Height: 90mm.

Material: grade 304 stainless steel.

Bottle filling tap: WRAS approved heavy-duty press button on/off swan neck tap.

To ensure the proper functioning and longevity of this unit, a Y-strainer or filter must be installed as part of the water supply system. The Y-strainer / filter is essential for protecting the internal components and maintaining the correct flow characteristics of the tap. Failure to install a Y-strainer or filter will result in the warranty being void.

### Supplied With

Integral wall fixing points.  
32mm waste fitting.  
WRAS approved heavy-duty press button on/off swan neck tap.

### Delivery:

In stock, usually 1 to 2 working days.
