

## Floor Standing Chilled Combined Drinking & Bottle Filler Fountain

Product Code: ANMX309

### Floor Standing Chilled Drinking Fountain with Bottle Filler

Product Code: ANMX309 - 1 unit left

Our Floor Standing Chilled Drinking Fountain with Bottle Filling Tap is a versatile hydration solution designed for high-traffic commercial environments. This dual-function unit allows users to enjoy a quick, chilled drink or easily refill their reusable water bottles. Perfect for offices, gyms, and public venues, it connects directly to your mains water supply, ensuring a steady stream of fresh, filtered water every time. The durable stainless steel construction and user-friendly design make this unit a practical, eco-conscious alternative to traditional water dispensers, helping to reduce single-use plastic waste.

### Key Features

- Chrome Plated Bubbler Tap with Bottle Filler: Allows quick hydration or convenient bottle refilling
- Floor Standing Design: Freestanding unit for easy placement in offices, gyms, or public areas
- Mains Water Fed: Unlimited supply of chilled water, eliminating the need for bottled water
- Durable Stainless Steel Construction: Built with 1.2mm thick grade 304 stainless steel for long-lasting durability
- Chilled Water Output: 25 liters per hour, maintaining a temperature between 8°C and 12°C
- Eco-Friendly: Encourages the use of reusable bottles, reducing plastic waste
