Cosmetal Floor Standing Chilled Drinking & Bottle Filling Fountain

Product Code: AAF-RIVERUP-FS

Cosmetal Floor Standing Chilled Drinking & Bottle Filling Fountain

Product Code: RIVERUP-FS

This premium floor-standing Cosmetal unit provides a dependable source of chilled drinking water, combining a sleek stainless steel body with two integrated outlets - a bubbler and an extended 23cm swan-neck bottle filler. Designed for high-demand areas, the system delivers up to 30 litres of chilled water per hour, offering a robust and energy-efficient hydration point suitable for a wide variety of environments.

Built from durable 304 grade stainless steel, the RiverUP-FS is engineered for long-term reliability. When installed alongside the compatible Cosmetal cowling, it creates a secure, hygienic, and BREEAM-compliant water station with concealed pipework and a professional appearance.

Dimensions & Specifications

Height: 960mm
Width: 330mm
Depth (front to back): 330mm
Stainless steel construction: 1.2mm thick, 304 grade
Chilled capacity: up to 30 litres per hour
Chrome-plated bubbler tap and swan-neck bottle filler
240V electrical connection with UK 3-pin plug
Minimum water pressure: 2 bar
24mm outlet to mains drainage
Satin stainless steel exterior finish
NSF REG4 approved (Cert. No. 2508059, valid until Aug 2030)
CE certified
Ice-bank chilling system for improved efficiency
Indoor installation only
An optional installation rail is available, providing the most commonly required components for connecting the water cooler to the mains water supply
The water cooler is supplied with floor-standing feet and has no floor fixing points. Where additional security is required, an optional rear cowl is available, providing secure wall fixing, concealing pipework, and supporting compliance with BREEAM requirements.
Units need to be installed on a level floor.
The items listed are supplied strictly on a return-to-base basis, with all repairs and warranty work to be carried out at the distributor's premises.

Supplied With

Floor-standing drinking and bottle filling fountain
Pre-fitted bubbler tap
23cm swan-neck bottle filling tap

Optional Extras:

Installation rail including non-return valve, copper PRV, water block, and replaceable filter (6-month service recommended)
Rear wall and floor mounting cowl to securely fix the unit to the back wall and conceal pipework. Complies with BREEAM guidelines.

Delivery

Available from stock. Typical delivery time is 2 - 3 working days.

For Use In

Schools and colleges
Offices and workplaces
Public buildings
Gyms and leisure centres
Any indoor area requiring reliable chilled drinking water
