Installation Rail

Product Code: AAF-RAIL

Water Cooler Installation Rail

Product Code: AAF-RAIL

This versatile installation rail provides a secure and reliable way to connect a wide range of water coolers, including the Cosmetal RIVERUP-WM, RIVERUP-FS, CENIN45 remote chillers, and many other mains-fed units. Designed for professional installation standards, the rail ensures all essential components are neatly positioned and offers an extra layer of safety in public-facing locations.

Specifications

(No physical size listed for the rail in supplied data—specifications instead focus on function)
